

Cloud Managed Routers

Cloud Managed Switches

RG-EG105GW-X

- Wi-Fi 6 technology
- 5 External 5 dBi Antennas
- Supports Mesh
- Load balancing
- VPN (PPTP, L2TP, IPsec, OpenVPN)

RG-EG310GH-P-E

- LAN/WAN switchable
- VPN
- VLAN
- Intelligent load balancing
- Free Cloud management

RG-ES210GS-P

- Gigabit Cloud Managed Switch with 8 PoE+ Ports
- 1 Combo Port
- IP Camera Recognition
- Loop prevention
- 250m extend transmission

RG-ES220GS-P

- Gigabit Managed Switch with 16 PoE+ Ports
- 2 RJ45 Ports, 2 SFP Ports
- IP Camera Recognition
- Loop prevention
- 250m extend transmission

Cloud Managed Switch RG-ES228GS-P

- Gigabit Switch with 24 PoE+ ports
- IP Camera Recognition
- Loop prevention
- 250m extend transmission
- Cloud managed: remotely reset ports, configure VLANs

Cloud Managed AP and Wireless Bridges

RG-RAP1260

- Wi-Fi 6 technology
- Built in Omni-directional Antenna
- Supports Reyee Mesh
- Dual-radio performance
- Wireless wall-mounted AP

RG-RAP62-OD

- Wi-Fi 6 technology
- Built in Omni-directional Antenna
- Outdoor/Indoor AP
- Supports Reyee Mesh
- IP65 Weatherproof

RG-RAP2260

- Wi-Fi 6 technology
- Built in Omni-directional Antenna
- Supports Reyee Mesh

RG-RAP6262

- Wi-Fi 6 technology
- IP68 protection
- Omni-directional coverage with long range
- Supports Reyee Mesh

RG-EST310 V2

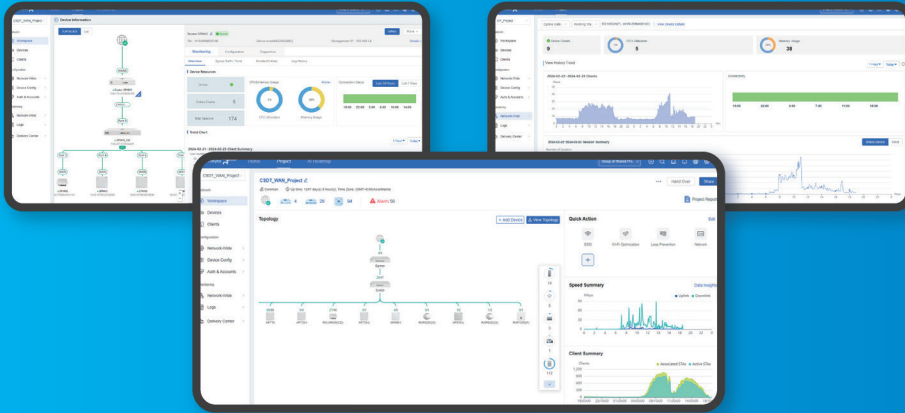

- 5GHz Wireless Bridge
- Stable traffic transmission from 1KM away
- Working temperatures -30° C ~55° C
- Automatic pairing

Ruijie | Reyee **On-Premises**

• **Rich Supported Functions**
Support 90% of functions available on Ruijie Cloud.

• **Customizable Services**
Allow customized portal and management pages.

• **Ultra-extensive API Integration**
Easily integrate with other third-party IT platforms.

• **Maximized Storage Time**
Safely store monitoring data up to 1 year.

• **Unmatched Management Capacity**
Support management of up to 100,000 devices.

RG-EST310 V2 5GHz Wireless Bridge

- Pre-Paired
- Point to Multi-Point

1k Recommended Distance
